GRSSIGNS

A local company with a national reputation

www.grssigns.co.uk

Welcome to

We are based in the market town of Louth, in the heart of the Lincolnshire Wolds. Our ethos is "Pride in Performance" from initial enquiry to finished product and installation.

We provide a nationwide service for universities, NHS authorities, local government and all types of industry and local businesses. We treat all our customers with the same care and respect and offer the best service we can to ensure we deliver the product you require at the time you want it.

In addition we offer a wide range of signs from industrial engraving to wayfinding and corporate signs to fully bespoke and unique signs.

We have our own design, manufacturing and installation teams who can provide our customers with products for their intended purpose and which fully conform to the customer's identified needs.

We also offer business cards, flyers, stationery, point of sale and workwear to provide a one-stop service to cater for all our customers needs.

A commitment to building long lasting relationships with our clients is a work ethic we continuously deliver to enable us to prosper in this competitive industry.

Aluminium and Aluminium Composite Signs

Aluminium is one of the main substrates used in sign manufacture. It is rigid, vandal resistant and is commonly found as road signage and public information boards.

Strong and long lasting, with integral channel system for post fixing we can design, manufacture and install all shapes and sizes to suit your individual requirements.

- Wall mounted and free standing
- Pavement and public information
- Directional, safety and advisory
- Retail fascia and promotion
- Business and award plaques

GRSSIGNS

Modular Signage

A perfect way to promote your business, public space or update an existing sign is to use a modular system. At GRS Signs we can design, manufacture and install bespoke signage that can be updated as and when required. The fixings remain, meaning only the panels or vinyl text needs to be changed.

- Wall mounted and free standing
- Entrance and exit
- Directional, safety and advisory
- Business fascias and projecting signs

Wayfinding Signage

Wayfinding covers a wide range of types, styles and shapes of signs. GRS Signs have designed, manufactured and installed everything from large entrance signs to internal and external wayfinding signs and directories to door, public notice, braille and dementia signage.

We can advise on the appropriate style and provide design visuals to ensure you get the correct sign for your needs.

- Wall mounted and free standing
- Entrance, exit, reception and directional
- Finger posts, wall directories and suspended signs
- Projecting, braille and dementia signs

sales@grssigns.co.uk 01507 609485 www.grssigns.co.uk

Vehicle Wrapping and Graphics

At GRS we handle a wide range of vehicles for a diverse customer base, from motorbikes to personal cars, commercial vehicles and buses. The vast majority of livery jobs are for commercial vehicles, for clients who want to display their details including contact points and brand identity.

We also undertake vehicle wraps which projects your business as a travelling advertising tool. Small cars, vans, agricultural machinery, public service vehicles - basically if it has wheels we can transform it.

- Cut out vinyl lettering to full or partial wraps
- Chapter 8 highway regulation kits

Braille, Tactile and Engraved Signage

Braille and tactile signs are an important addition to signage projects, especially in public areas. Mostly used in access areas to toilets, showers, bathrooms, etc., however they can be of use near display material not easily accessed by the blind and partially sighted.

We use three types of engraving: machine engraving, chemical etching and laser engraving. For intricate work we use chemical etching and for industrial applications, such as acrylic laminate or stainless steel labels we use both machine and laser engraving.

- Public area signage
- Key fobs, plaques, tags and identity badges

sales@grssigns.co.uk 01507 609485 www.grssigns.co.uk

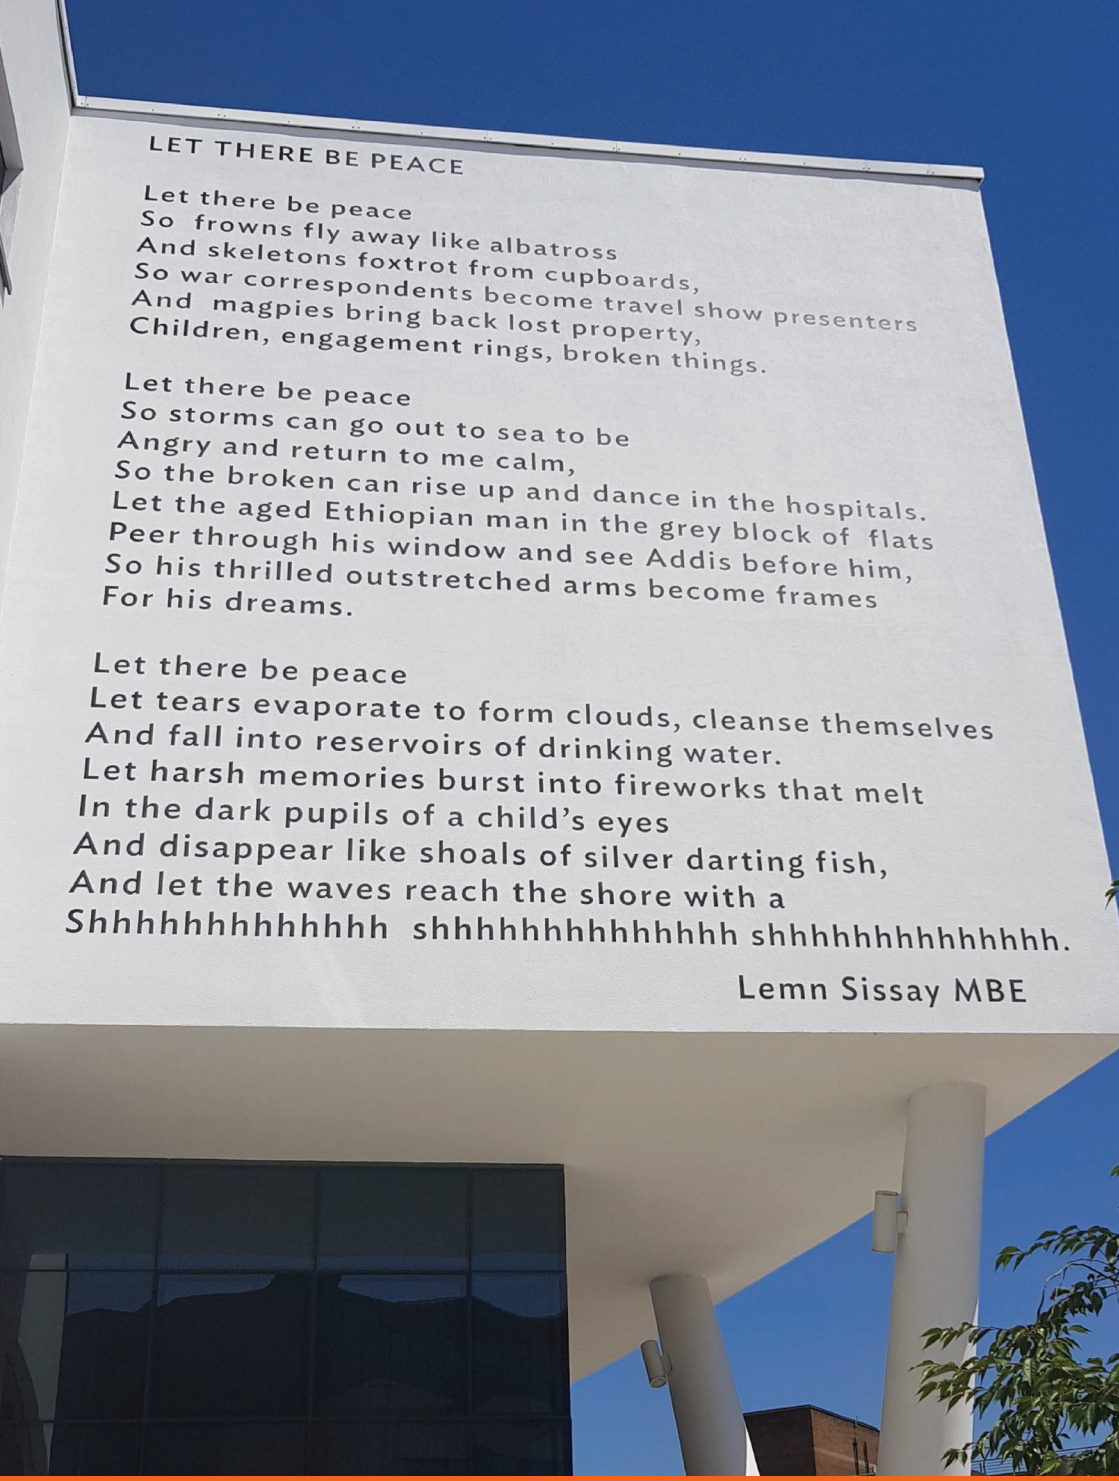

Bespoke Signage and Cut Out Letters

Made to order or bespoke counts for 95% of our work, however in signage terms we mean something that is truly different and uniquely designed to fill our customers special requirements.

There is no end to the diversity of bespoke signs, ranging from the very small to the very large, we will do our best to accommodate your imagination to its limits.

- Wall mounted and free standing
- Pavement and public information
- Retail, industrial or personal
- Made to measure

Wall Art and Vinyl Graphics

Vinyl graphics that cover large areas can be used for education purposes, to create ambient surroundings or reflect a particular mood whether in the workplace or a recreational area.

These can be in the form of inspirational quotes or striking images to catch the eye.

- Messaging and thought provoking
- Creates impact and interest
- Decoration, display and promotion
- Has the 'WOW' factor

Window Graphics and Manifestations

Window graphics are a great way of advertising or creating a mood for shops and businesses. Cut out vinyl, printed panels or full frosted privacy panels are often used, as are manifestations - small text or logos at approximately eye level, usually used to alert people that there is glass there.

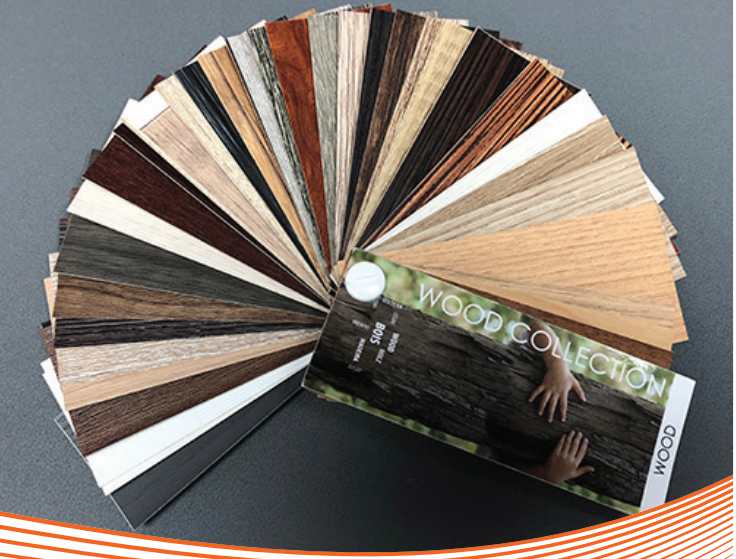

- Cut out lettering and full panels
- Privacy panels
- Awareness and safety

GRSSIGNS

Architectural Vinyl

Our range of architectural films offer an alternative solution to transforming your furniture and interior surfaces.

Whether you are rebranding your company or simply interested in renovating old furniture, architectural films offer a simple and cost effective solution to your project.

- Rejuvenate furniture and interiors
- Alternative solution
- Simple and cost effective

sales@grssigns.co.uk 01507 609485 www.grssigns.co.uk

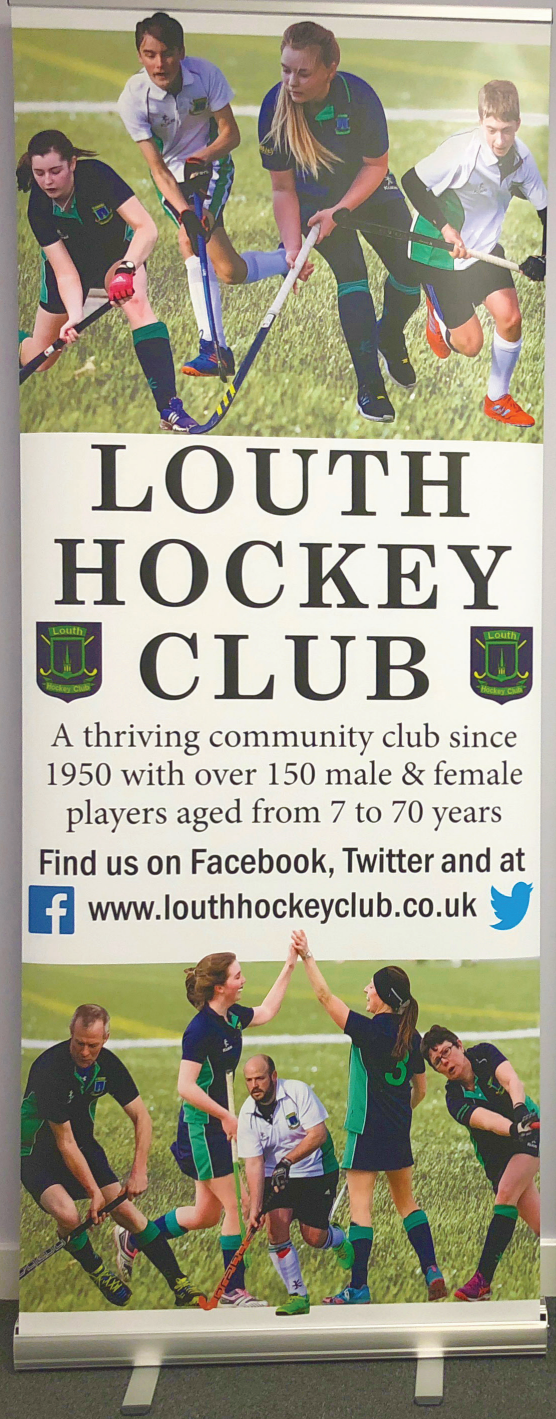

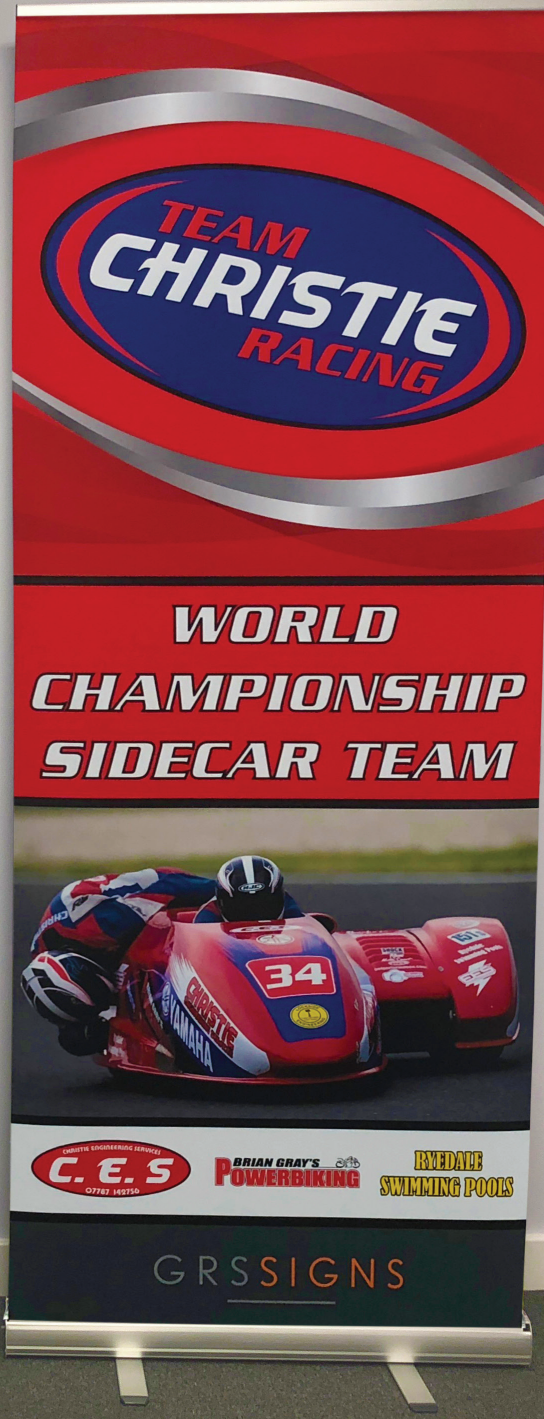

Banners

Banners offer a simple solution for one off or short term events and/or where a temporary sign would be better than a permanent one. They can be fixed to railings, or freestanding with a pop up banner stand, whichever caters best for your needs.

Lightweight and foldable, meaning they can be stored if needed; banners can be printed for single use, or vinyl lettering applied meaning the banner can be used again. Pop up banners are printed only, however.

- Temporary and removable
- Informative or directional
- Retail fascia and promotion
- Easy to store and transport
